

STAMP-GRIP (ANTI-SLIP ADDITIVE)

TECHNICAL DATA

PRODUCT NAME:

Stamp-Grip

A unique texturing (slip resistant) agent for incorporation in all REDECKIT Sealers.

PRODUCT DESCRIPTION:

“Stamp-Grip” is a micronized polymer for addition to REDECKIT sealers for slip resistance, fine texturing, and gloss reduction. Due to its low oil absorption and high solvent resistance, it will stir easily into coatings with minimal effect on the coating’s viscosity. Its low density allows it to stay well suspended in low thin-bodied materials such as sealers.

BASIC USES:

In our experience, Stamp-Grip can be added to all REDECKIT Sealers. It is recommended, however that when mixing into unfamiliar coatings, a small test batch and application be made.

Due to its almost spherical shape, Stamp-Grip is not highly abrasive. The lack of sharp edges and the sparseness of distribution of texturing material allows much easier cleaning than sand textured surfaces.

Stamp-Grip is also more pleasant to walk on with bare feet than silica type aggregates. This is especially important when coating pool desks, walkways, driveways, and patios.

BENEFITS:

- Slip Resistance
- Easy addition into REDECKIT Sealers
- Good chemical and abrasion resistance
- Good universal compatibility
- Without viscosity effects
- Lowers VOC ratings
- Safe/non-toxic

LIMITATIONS:

Stamp-Grip will increase the coefficient of friction on the surface, but due to its small particle size, should be considered slip resistant but not a non-skid material.

CAUTIONS:

Stamp-Grip is not hazardous and will not contribute to silicosis (as does silica) but should be treated as a nuisance dust while incorporating it into the sealer.

CONTAINER SIZES:

16 oz. (1 lb.) – For addition to five gallon containers of REDECKIT Sealers

MANUFACTURER:

Redeckit LLC
325 Commerce Blvd.
Liverpool, NY 13088
(800) 451-9037 Phone
(315) 451-2290 Fax

WARRANTY

Redeckit LLC warrants that this product will be free from defects and will perform as represented in writing provided application of product is in accordance with manufacturer’s recommendations and application instruction. Redeckit will refund the purchase price of any product proven defective, but shall in no way be liable for indirect, consequential, special or resultant damages, whether due to breach of warranty or negligence. Stampcrete International makes no guarantee or warranty, express or implied, including, without limitation, warranties of fitness or merchantability, with respect to this product.
